## **The Myth of Overpopulation**

[Off-G](#) 12-12-2020 Kit Knightly

We're constantly told there are too many of us...but is this true?

In his latest, “Mouse Utopia and the Blackest Pill”, James Corbett takes aim at perhaps the most insidious propaganda narrative of all, and one that is very close to my heart: Overpopulation.

## **Benjamin Fulford — December 14th 2020: West faces Moment of Truth as Khazarian Mafia Surrenders to the Chinese**

by [Benjamin Fulford](#), December 14th, 2020

The Western world is facing its greatest crisis, possibly ever, as its ruling elite has surrendered to China. Either the West removes this elite from power and creates a united front or Westerners will become Chinese slaves working under Khazarian Mafia sub-contractors. It is this battle involving the Chinese and the West that is the real reason why the U.S. Presidential election result remains in limbo.

[Larry Romanoff](#) • December 14, 2020 • 8,600 Words •

Waves, Ripples and Surges

Let's examine the normal pattern for an outbreak of a typical infectious disease. According to the US CDC:[1] "A common-source outbreak is one in which a group of persons are all exposed to an infectious agent or a toxin from the same source. If the number of cases during an epidemic were plotted over time, the resulting graph . . . would typically have a steep upslope and a more gradual downslope (a so-called "log-normal distribution").
